Our 80x80cm porcelain tiles are both adaptable and stunning, transforming the design and architecture industry by offering new possibilities for tile usage that were once inconceivable. All tiles are created for use on floors and furniture, offering versatility and excellent technical and aesthetic quality.

Floor

The best way to realize the limitless potential of the flooring is through the application on the ground, which showcases its stunning beauty and durability under pressure.

Furniture

Perfect for adding sophistication to contemporary areas, stylish tables and living room furnishings. Select your preferred interior design to establish a cohesive setting. Marble, stone, and concrete seamlessly blend into the interior design without sacrificing anything.

Focused on ceramics' expertise

Nika Naghsh Iranian is a gres porcelain wall and floor tile manufacturer located in Esfahan, Iran. It has a capacity of 4.0 million square meters of production a year utilizing state-of-the-art machinery. Founded in 2016 and headquartered in Tehran, Iran, Nika Naghsh Iranian serves clientele in more than 20 countries while employing 400 valued employees.

Forged in the mountains of Ras Al Khaimah

The RAK Ceramics brand was established in Ras Al Khaimah in 1989 by H.H. Sheikh Saud Bin Saqr Al Qasimi, member of the Supreme Council and Ruler of Ras Al Khaimah, who aspired to have the best machinery, latest technology, and to produce the best products possible for sale in the world.

Now under the vision and leadership of Sheikh Khalid Bin Saud Al Qasimi, Chairman of RAK Ceramics, the company has enjoyed rapid growth becoming an industry leader in just 30 years while finding its own roots in Iran with its local partner, Nika Naghsh Iranian.

Innovation and wide range

Innovation is the heart of Nika Naghsh Iranians' philosophy and the company is a pioneer in introducing hi-tech innovations that are a breakthrough in the industry and a world leader in the production of porcelain tiles ideal for use of indoor & outdoor spaces for wall and floor coverings for residential, retail and industrial projects.

A wide range of technologies are used at its state-of-the-art plant including advanced digital printing technology for industrial decoration & effects, double charged feeding systems, digital soluble salts, and other advanced technologies. Nika Naghsh Iranian is known for its wide product range and for its ability to produce bespoke ranges for both small and large scale projects, enabling its clients to bring their ideas to life while having unlimited flexibility.

Quality makes us different

Nika Naghsh Iranian adheres to the RAK Ceramics standard protocols which includes the distinction of being the first company in the UAE to be awarded with ISO 9001 certification by internationally recognized UK certification body “CICS” (Ceramic Research Institute Certification Scheme) for ceramics tiles and sanitary wares. Furthermore, Bureau Veritas Certifications verifies the implementation of RAK Ceramics’ quality management system and has certified the company’s compliance with the requirements of ISO 9001:2015 with the scope covering the design, development, production and supply of ceramics and porcelain floor and wall tiles, slabs and vitreous china sanitary wares. Nika Naghsh Iranian also follows local Iranian standard requirements which are based on ISO certification standards. Finally, Nika Naghsh Iranian also holds CE certification.

A track record of expertise

Nika Naghsh Iranians' products are proudly featured in some of the most prominent building projects in Iran and around the world. From the Atiyeh 2 Hospital project to the Citadium Shopping Centre, the list goes on all throughout Iran and the world.

The Company'

Nika Naghsh Iranian is one of the leading premium ceramic manufacturing plants based in Iran. Its vision is to deliver the highest standards of quality while maintaining its up-to-date research and development protocols. The result is products that are always one step ahead in the industry while satisfying a broad range of customer requirements.

Nika Naghsh Iranian is home to several brands including PVRE Ceramics which is centered on going back to the roots of the ceramic industry and inspiring customers with the essence of ceramics. This is proudly done with our experienced team of 400 personnel split between our factory located in Esfahan, Iran and our headquarters in Tehran, Iran.

Today Nika Naghsh Iranian has the capacity to produce approximately 4,000,000 square meters of product in two sizes (60x60, 60x120) across a variety of product types: glazed polished porcelain, full body porcelain and double charge all of which are available in both matte and polished format.

Nika Naghsh Iranian will continue delivering with its essence of ceramics experience while pushing the boundaries both in terms of quality and technical innovation for many years to come.
